PARTNERING WITH PARIS DESCARTES

Reap the benefits and stay ahead of the game!

Highly-developed economies require advanced knowledge and skills. Building ties with Paris Descartes will allow your company access to leading expertise and professional intelligence services, through to internships and the recruitment of top-quality graduates, as well as to Continuing Education for your staff, derived from the latest research.

- Collaborative research projects
- Long-term strategic research alliances
- Access to leading students through internships or apprenticeship
- Students' input in case study or research projects
- Graduate recruitment programs
- Specialized, tailored short courses and workshops, on and off-line
- Continuing Education for your staff: certificate or degree-earning
- Conferences, seminars and scientific events
- Access to reduced-rate or free space rentals
- Access to a world-class scientific and architectural heritage

Paris Descartes' world-class multidisciplinary teams are uniquely positioned to foster 360° perspective and pioneer new fields, helping you apply advanced knowledge to your business challenges.

Support Paris Descartes University's research and academic programs!
